EMBEZZLER HIDES ABOARD DYNAMITE SCHOONER KATE

W. B. Evans, Who Looted Los Angeles Bank, Found to Be Sailor on the Mysterious Sailing Vessel

(Continued from Page 1)

paid \$750 to take the men to the Galapagos islands, off the coast of Peru.

Evans was a popular athlete and society favorite in the southern metropolis, and it is claimed that the money he took while acting as teller for the bank in Los Angeles, first came here and then, it is believed, made arrangements to hire the Kate.

TRIBUNE Gives Clue

Attention was first called to the mysterious passenger aboard the power schooner Kate by THE TRIBUNE when on October 7 it exclusively exposed the facts of a trip made to Drake's Bay by the tug Northern Light, Captain E. J. Egeri, who took with him a mysterious stranger from San Francisco who gave the name of Disbee.

The Northern Light left for Drake's Bay September 18 and remained there a week. September 21 the Kate, which had slipped out of the harbor unnoticed, put into Drake's Bay and according to a statement made by Captain Egeri, remained for but a short time, long enough to take on the man Disbee, after which she sailed for parts at that time unknown owing to conflicting statements made by Disbee and the captain of the Kate.

Bisbee's Story

Disbee had hired the Northern Light through Captain Osterhaus, former owner of the Kate, stating that he had recently come from the East and that he and some friends had chartered the schooner for a pleasure trip. As the vessel was to be held up in San Francisco for some time, he said, he desired to get away from the city until she was ready to sail. The tugboat trip to Drake's Bay was therefore proposed and without asking anything further of his passenger, Captain Egeri made the trip, receiving liberal remuneration for his services in accordance.

When the mysterious Disbee was transferred from the tug to the Kate on the morning of September 24, Captain Egeri stated that he carried only a small hand satchel, of which he was very careful.

Money in Satchel

It is now believed that this satchel contained a large part of the \$100,000 which Wilson B. Evans stole from the Los Angeles bank and that the man may have been Evans himself, who had taken the precaution to get away from the city and the eyes of the police until the Kate was ready to sail.

At the time it was believed that one or more of the dynamiters had sailed on the schooner but with the arrests made in the Mexican city it is now fairly established that Disbee and Evans were one and the same person, and that he was assisted by friends from the south to charter the Kate in order to get out of the country. The destination as given out, the Galapagos Islands, was not a time believed to be the real destination of the schooner.

Embezzler Fled City With Stolen Money

LOS ANGELES, Oct. 31.—Wilson B. Evans, mentioned in the dispatches from Acapulco, was receiving teller of the Farmers and Merchants National Bank, one of the largest financial institutions of Los Angeles. He left the city September 12 last to go on his annual vacation of

two weeks and when he failed to return at the end of that time, an investigation of his accounts followed. It was found that he was many thousand dollars short, the exact amount not being given out by the officials of the bank. The total was estimated by some to be as high as \$100,000, although the bank officials stated that Evans' bond of \$10,000 would practically cover the losses sustained through the defection.

NO TRACE OF EVANS.

No trace of Evans has been found since his departure. It was known that he went to San Francisco, where ostensibly he was to go on a hunting trip. It was there that the schooner Kate was chartered and departed southward. The whereabouts of the Kate were uncovered through the prosecution of the hunt for the dynamiters of the Los Angeles Times who were thought to have chartered the vessel for the purpose of making their escape.

No information was obtainable here regarding H. Hamburne, the alleged accomplice of Evans, captured at Acapulco.

Earl Rogers Active In Dynamite Case

SAN FRANCISCO, Oct. 31.—The scene of the dynamite investigation has once again shifted in its most important features to Los Angeles, and save for Earl Rogers, all of the investigators have returned to the Southern metropolis. The subpoena has been served, but so far Chief of Police Seymour has not been summoned. The head of the local department, however, expects that he may be called to give his evidence before the grand jury.

ROGERS IS ACTIVE.

It is known that Attorney Rogers is far from idle. He spends but little time at the St. Francis hotel, and is moving about the city all day, following up information which comes to his hands from persons engaged in running down clues who have thus far failed in the background. The Pinker on detective agency, it is understood, is lending its forces to aid in the search for the two dynamiters, and San Francisco Independent Fields has called several times at police headquarters and held interviews with Chief Seymour.

Witnesses Say They Smelled Escaping Gas

LOS ANGELES, Oct. 31.—Witnesses in the Los Angeles explosion case testified before the coroner's jury that they smelled a large volume in the building the night the explosion occurred which weeks the newspaper plant and killed 21 men. These witnesses, who were telegraph operators, testified that they saw the men at their positions with the Western Union Telegraph Company before the explosion. They also testified that they saw the men at their positions with the Western Union Telegraph Company before the explosion. They also testified that they saw the men at their positions with the Western Union Telegraph Company before the explosion.

TELEGRAPH OPERATORS.

The men who testified to the presence of gas in the Times building before the explosion were William G. Farmer and James Bailey, telegraph operators who had worked for a few minutes before the explosion in the telephone room of the Times building. They testified that they saw the men at their positions with the Western Union Telegraph Company before the explosion. They also testified that they saw the men at their positions with the Western Union Telegraph Company before the explosion.

that this statement had cost each one his position. A score or more of witnesses, all employees of the Times, who were at work when the explosion occurred, were present when the grand jury convened. Among them was Arthur Ball, a linotype operator, who declared that if gas in quantity sufficient to have caused an explosion had escaped from a defective main, some of the typesetting machines would have been put out of commission.

IMPOSSIBLE, HE SAYS.

"We never did have all the gas we wanted for the machines," said Ball. "Whenever the pressure lessened to the slightest extent, we always noticed it, and I am certain that if there had been any lack of gas the machines would have given it long before an explosion could have occurred."

The only other important witness before the grand jury during the morning was R. L. Goff, a printer, who said that he saw a great hole in the center of the Times composing room by the force of the explosion. He had been working within a few feet of the spot and was knocked down and dazed by the concussion.

Coroner Hartwell said during the noon recess that he did not expect to complete the inquest for several days.

Suspected Dynamiters Will Be Extradited

WASHINGTON, Oct. 31.—Secretary of State Knox will immediately take steps to extradite the men held at Acapulco, Mexico, on charges of dynamiting the Los Angeles Times plant a month ago. While the department will make no statement at this time, it is known that the order for their extradition will be issued in the morning and will go forward by telegraph to the Mexican government.

As the latter country has co-operated with this government in the apprehension of the men, it is not believed any further will be encountered in extraditing them.

Governor Gillett of California, who was notified by the Mexican government of the capture of the alleged dynamiters, has earned a reputation from Secretary of State Knox for giving out the news of the capture to the papers before notifying the State Department.

Dynamite Is Found Near Lonely Cabin

LARKSPUR, Oct. 31.—The discovery of a suitcase and a small quantity of dynamite near a lonely cabin at the extreme end of Lake Mary, near Larkspur, was the first of a series of discoveries which have been made in the vicinity of the lake. The suitcase was found by a deputy sheriff, William L. Brown, who was on duty at the time. The dynamite was found by a deputy sheriff, William L. Brown, who was on duty at the time.

Schooner Kate's Crew Carry Much Money

MEXICO CITY, Oct. 31.—The names of three men who were arrested at Acapulco, suspected of being implicated in the dynamiting of the Los Angeles Times building and who were aboard the power schooner Kate, are Harry Ham, O. Carlson and Earl Rogers, according to telegrams received here today.

BIG SUM ON BOARD.

As soon as the schooner entered port to take on a supply of gasoline it was boarded by the American consul and a party of officials. The sum of \$10,000 was found. The captain said that he had been engaged at a contract price of \$150 by Adolphson to take the schooner from San Francisco to the Galapagos Islands, off the coast of Peru and Ecuador.

The captain of the schooner stated that Harry Carlson and Archer were each to receive the sum of \$20 a month. They are now in prison pending investigation. On a count of a thousand men were found a throw overboard the gasoline on board and ran into port for a new supply.

BISBEE BROTHERS ABOARD.

The men who shipped on the schooner Kate under the names of Harry Ham, O. Carlson and Earl Rogers, are the Bisbee brothers. Dan Archer was employed on the Kate, presumably as cook. No definite information has been received that would help in identifying the men who remain in the hands of the authorities.

The Bisbee brothers are known in Bakerfield. They boarded the Kate off there about a month ago. Adolphson, the man who was supposed to have accompanied the party in capacity of an engineer at a salary of \$20 a month. The Kate, largest schooner launch on the coast, was built in San Diego in 1871, and brought to this port to be registered in 1875. It was bought by Adolphson from a man named Osterhaus, who in turn had purchased it from Anderson.

Osterhaus once kept a saloon here. Financial losses caused him to take up his residence at San Diego. September 21 the Bisbee brothers, under assumed names of Ham and Carlson, arranged with Adolphson, sole owner of the Kate, to charter his boat. Likewise arrangements were made for employing Adolphson himself.

DR. ROWE ENTERS UPON NEW DUTIES

Well Known Physician Begins Work As Member of Board of Health.

Dr. Charles H. Rowe, who recently was appointed a member of the board of health by Mayor Mott, was formally installed as a member of the board this morning and immediately entered upon the duties of his office. Dr. Rowe, the place of Dr. A. S. Larky, whose term of office has just expired.

Dr. Rowe is probably one of the best known physicians in Oakland. During his years of practice here he has made many friends who are now predicting a successful term for him. They say he has carried to a successful end everything that he has ever undertaken and they are sure that he will work with as much enthusiasm for the board of health as he has upon the many other things he has undertaken.

In making this appointment the Mayor probably could not have found a person who is more familiar with the workings of the board of health or one who is more familiar with the health conditions of the city than Dr. Rowe. He has been a member of the board of health for many years and has worked very closely with the health board and the enthusiasm which he showed at that time caused him to make many investigations into the general health of the community.

The new appointee is an Oakland boy, having lived here since boyhood. After graduating as a physician he spent several years away from the city, to better qualify himself in his profession. He is on the staff at the Merritt Hospital and has won for himself an enviable record as a physician in this city.

from his seat in the body of the court room and walked forward to the judge's bench to have the complaint read and to move against the alleged laxity of the detective bureau. He was accompanied by his attorney, John Sullivan, and listened quietly while the clerk read the somewhat lengthy document.

"My calendar is so crowded with criminal cases," said Judge Shortall, "that I will have to put this matter over until next week."

Sullivan protested against the delay and it was finally agreed to take it under consideration on Wednesday and then fix a date for the hearing.

Blackburn admitted that he was in a bad fix in a short statement this morning. He is the first of the gang of alleged conspirators to feel the strong arm of the law, but owing to the fact that he is believed that he will be leniently dealt with.

A crowded court room witnessed his arraignment this morning, and at the formalities was over and he had been photographed he left the room hastily and returned to his hotel.

Denies That Blackburn Spent Night in Jail

Dear Sir: I read an article in the Examiner this morning stating that Dr. E. Blackburn was arrested in San Mateo county and spent the night in jail in San Francisco.

Through your valuable columns would like to contradict that statement as I occupied apartments with him at the Hotel Stanford and during the night of October 29th and 30th he was in my apartment and on the morning of October 31st he was in my apartment and on the morning of October 31st he was in my apartment and on the morning of October 31st he was in my apartment.

The matter of appropriation has been discussed frequently in the past. A meeting of the directors will be held on Wednesday evening and an effort will be made to get the necessary appropriation for the building of a new building pending the obtaining of an appropriation from the next legislature.

ever, sustained Moissant's protest against further competition, ruling that the meet as originally scheduled closed with yesterday's events, today being an extra ordered day.

EARNINGS ARE GREAT.

The total earnings of the aviators up to the close of the scheduled event of the meet last night are:

Moissant	\$11,600.00
Grubb-White	7,100.00
Wheeler	3,000.00
Latham	2,100.00
De Looze	1,600.00
Johnson	1,000.00
Reade	1,000.00
Auker	900.00

A dinner in honor of the aviators will be given on the auspices of the Aero Club of America tonight at the Plaza Hotel.

Several of the aviators have declared their intention to go from here to the Baltimore meeting. Among those who will leave for the meet tonight are J. A. Dixie, J. J. Frisbie, Hubert Latham, Glenn H. Curtiss and others.

The indications were favorable early today for excellent flying conditions on the part of the aviators. The wind was very light from the southwest and with little rain, the conditions were ideal for the aviators. The air was clear and the sun was shining brightly.

Victors of the Air to Gather at Banquet. NEW YORK, Oct. 31.—The most remarkable gathering of men who have made themselves famous in the field of aeronautics within the last fortnight will assemble tonight in the banquet room of the Hotel Plaza, as the guests of the Aero Club of America. The dinner is the occasion of the meet.

Among those who will sit at the head table are Walter Wellman, who was admitted to the Aero Club of America in 1908, and Augustus Post, winner of the annual prize of the Aero Club of America in 1909. Other guests include J. A. Dixie, J. J. Frisbie, Hubert Latham, Glenn H. Curtiss and others.

Moissant Captures Big Aviation Prize

NEW YORK, Oct. 31.—John B. Moissant, the San Francisco aviator who made a successful flight from Paris to London, was the victor yesterday in one of the most important and spectacular aviation events of the season, the annual prize of the Aero Club of America. Moissant captured a prize of \$10,000 for the longest flight in the world, a distance of 10,000 miles, including the turns and extra mileage made necessary in dodging the three other contestants.

The flight was made in a sun-baked monoplane in the teeth of a gale and at the height of 5,000 feet, and during it was the most superb thing the world has ever seen. Rising continually until it reached the height of 10,000 feet, Moissant flew his plane and began a slanting mile toward the earth until he was within a few miles of the statue, then he elevated the plane again and began to soar upward.

Moissant will today receive the \$10,000 offered by Thomas F. Ryan if his time of 24 minutes 58.4 seconds is not beaten by another aviator today. As no one has as yet been in competition against the record, it is certain that the prize will go to the daring little Californian.

Eleanor Sears Likes Trip in Aeroplane

NEW YORK, Oct. 31.—Miss Eleanor Sears, the Boston society girl and athlete, who has been spending the last week at Belmont Park watching the aviation meet, today gave the first interview she has ever granted a newspaper. She declared she had no fear in flying. "I could have flown for hours," she declared. "I have several millions in my own right and I have been reported engaged to Harold Vanderbilt and a half-dozen other wealthy men, and of late to Frankham White."

When told that Moissant had beaten Grubb-White in the race about the Statue of Liberty today, Miss Sears declared her feet and called defiantly: "I don't believe it!"

"Afraid in an aeroplane? Not a bit," she laughed. "I just love it. I was perfectly able to sail through the air and see the ground underneath me. No, I didn't feel all alone. It was not like being on a boat or shooting the chutes at all. It felt just like the breeze on air."

"I could have kept on sailing that way all day. I don't know why any woman should be afraid of flying. I am going to make the first chance I get."

BURLINGTON TO PAY \$800,000 FOR DECISION

Officials Declare New Rate Schedule Will Mean Much to Railroad.

MUST BE MODIFIED, SAYS VICE-PRESIDENT

The Road Needs \$400,000 to Maintain Efficiency of System.

CHICAGO, Oct. 31.—Rate decisions in what are known as the Denver, Spokane and other Western cases will cost the Chicago, Burlington & Quincy \$800,000. The old rebating system has reduced the freight revenue of the Burlington from three to five per cent.

The Burlington is not in as good condition to accumulate a surplus now as it was ten years ago.

The foregoing were among the statements made at the rate hearing today by Claude G. Burnham, vice-president of the Burlington, who was the first witness. T. J. Norton, who represents the railroads as a whole at the hearing, stated that he had only one more witness to introduce. On the subject of Western rate decisions Burnham said:

MUST BE MODIFIED.

"The decisions have not been ordered into effect as yet, but unless they are materially modified they will, conservatively estimated, cause the Burlington a loss of \$800,000 annually."

Attorney Dawes of the Burlington asked what effect on revenues rebating had before the law made the practice illegal. "Rebates were given almost exclusively on high class freight," replied the witness. "The result was a rate that was much lower than was fair to the railroads. But at no time did it, for cause, mean more than a three to five per cent decrease in the revenue of the Burlington."

NEEDS \$100,000.

"You have mentioned," said Attorney Norton of the commission, "that the proposed increase would give the Burlington road about \$400,000. For what purpose did you want that money?"

"The Burlington needs \$100,000 and more to maintain the efficiency of the property as a transportation machine."

"As you regard the Burlington as an efficient transportation machine at present," asked Norton.

"As compared with other roads, yes."

"When you figured why he considered the Burlington to be in a worse material condition than it was in 1900 the latter depreciated and then answered:

FOURTEEN HURT IN FIRE AND EXPLOSION IN HOTEL

Firemen Thrown in All Directions When
Apartment House Is Destroyed; Panic
Ensues in Crowd

SAN FRANCISCO, Oct. 31.—With a roar which could be heard for blocks, the accumulated gas and hot air generated by a small fire which started in the basement of the Olive apartment hotel on Ellis street near Jones last night exploded with sufficient force to shatter every pane of glass in the building and adjoining structures, causing a panic in the crowd which had gathered to view the conflagration. The fire which broke out in the basement of the hotel shortly after 10 o'clock last night was at first thought to be a small blaze and one which could be quickly extinguished. After much water had been pumped into the basement, Chief Murphy ordered the firemen to dig out their apparatus as he believed the fire to be under control. Just as the chief followed by the men of the 34 engine company started to enter the basement the explosion took place. The firemen were all thrown to the ground bleeding from cuts in the face and head. The crowd which had gathered to view the conflagration was thrown into a panic which was heightened by the plunging of the horses attached to the fire engines. A hurry call was sent in for ambulances and the most badly injured were taken in the police wagons to the Central Emergency hospital. After the first great explosion there were a number of minor blasts but no person was badly injured by them, the police having driven the crowd back from the building.

MINERS TO LEARN OF RESCUE WORK

United States Starts Traveling
Schools On way to
the West.

WASHINGTON, Oct. 31.—The first of the six portable mine rescue stations, with which the new Bureau of Mines plans to instruct miners in the use of mine rescue apparatus and first aid to the injured, was started on its mission this morning according to statement issued by the bureau yesterday. It will be known as the No. 1 and will start from Pittsburgh and will cover the anthracite fields in Pennsylvania. About November 1 the No. 2 is expected to reach the Bureau of Mines rescue school at Lubana, Ill. where it will receive its full equipment. This car will then go through Southern Indiana.

TO AID IN DISASTER

Four other cars with headquarters at Rock Springs, Wyo., Billings, Mont., Salt Lake City, and Knoxville, Tenn., will be turned over to the Bureau of Mines within a short time. These will start on their own tours with their districts. In addition to the educational work mapped out for these cars they will be kept in readiness to proceed to any emergency to aid in rescue work at mine disasters. This is the first important step taken by the new bureau in its effort to reduce the appalling loss of life in American coal mines. In European countries where rescue apparatus has been in use for some time the per capita loss of life in mines is smaller than in the United States. Similar apparatus is being introduced in this country.

LECTURE ON SAFETY

In addition to a mining engineer who will lecture on greater safety in mining and a Red Cross surgeon who will give first aid instruction to the miners, each car will have a complete corps of rescue men who will teach the miners how to use the rescue apparatus as well as first aid in the event of disaster. The cars will be equipped with a complete set of rescue apparatus and will be kept in readiness to proceed to any emergency to aid in rescue work at mine disasters. This is the first important step taken by the new bureau in its effort to reduce the appalling loss of life in American coal mines. In European countries where rescue apparatus has been in use for some time the per capita loss of life in mines is smaller than in the United States. "GRANDFATHER CLAUSE" HELD TO BE INVALID

BALTIMORE, Md., Oct. 31.—Judge M. S. M. in the United States District court today held that the "grandfather clause" which was a part of the constitution of the state of Maryland was invalid. The clause was a part of the constitution of the state of Maryland which gave the right of suffrage to the white male citizens of the state who were over twenty-one years of age and who had been citizens of the state for at least seven years. The clause was held to be invalid because it was discriminatory against the negroes.

LA TORTAJADA HAS SPARKLING ACT AT OAKLAND ORPHEUM

LA TORTAJADA, the famous Spanish beauty and dancer in "Adventures of a Toreador," at Oakland Orpheum.

La Tortajada may have accounted for the more than generous sprinkling of men in one of the best audiences that has filled the Oakland Orpheum yesterday afternoon. For she is said to have been the most beautiful woman in the world. She is said to have been the most beautiful woman in the world. She is said to have been the most beautiful woman in the world.

ACT IS UNIQUE

The synopsis of her act follows: In a Spanish village festive preparations are being made for a bull fight. Pepita, a beautiful Aragonese girl, awaits at her window Legarito, the famous toreador with whom she is secretly enamored. She has placed a letter containing a declaration of her love in a bouquet of flowers which the bull fighter is to deliver to the ardent accompaniment of a guitar. Legarito comes in search of her. She sings a song of her happy youth at home. Suddenly she hears the clanking of glasses, merry laughter, the sound of horns and Legarito's voice at the same time she discovers his blood stained handkerchief. In jealous rage she bursts open the window and beholds her husband in the arms of her rival. Like a fury she dashes into the house. Legarito takes refuge in a doorway, but she runs away at the sight of a police officer. Legarito determines to discard her contemptible husband and seek consolation in her profession as a singer and dancer and at the conclusion of the opera she is seen dancing in a Spanish music hall.

COL. ROOSEVELT'S RECORD ON LABOR IS ATTACKED

New York Democrats Quote Letters and Acts of Former President in Denunciation of His Stand While in Office

NEW YORK, Oct. 31.—Secretary John Mason of the State Democratic committee last night made public a statement attacking Theodore Roosevelt's labor record. The statement was in part:

There is no objection to employees of the government putting office constituting themselves into a body of men so diverse but no rules of regulations of that union can be permitted to ride over the laws of the United States which it is my duty to enforce.

APPROVE'S DECISION

In the same day, Colonel Roosevelt had written to the secretary of commerce approving of the decision of the strike commission that no person should be discriminated against on account of non-membership in a union organization.

J. W. Rutherford's Communication Taken Up in Detail; Says He Must Belong to Old Tory Faction of 150 Years Ago

Editor TRIBUNE: Noting the letter appearing in last night's issue of your paper, by one Mr. J. W. Rutherford, and also your offer on the editorial page to freely publish answers which may solve the doubts which are quite evidently disturbing many of our Republican readers, I hereby enclose my answer to that letter and trust that you will publish same coming as it does from the nephew of the candidate attacked.

A LAURENCE JOHNSON

P. S.—You need not think that family feeling enters into this discussion, because the family have always a different point of view from that of the public. I am a Republican and I am a Republican.

FAR FROM EXPERIMENT

Your correspondent, Mr. Rutherford, states that the platform of the Republican party has been based on the principle of a government of the people, by the people, and for the people.

LUMBER SCHEDULE

As to the lumber schedule, I cannot see where the lumber schedule of California home builders is having to pay an extortionate price for their lumber.

NOT DEPARTURE

The direct legislation question of a state is not a departure from the Republican platform, but it is a departure from the Republican platform.

AS TO JUDICIARY

Then he states that Mr. Johnson is leaving for the non-partisan judiciary for the purpose of electing a particular man to the judiciary.

SURE DEMOCRATIC.
The congressional districts recently sure to go Democratic now number 194, or but two less than a majority of the house. It looks easy for the Democrats to pick up two other districts out of the doubtful forty.

This is the New York Herald's view of the political situation throughout the country ten days in advance of election. The Herald's weekly forecasts have all along indicated a decided tendency toward Democratic control of the house. This week's survey of the situation is even more favorable to the Democrats than any heretofore. A week ago the Herald classified 178 districts as Democratic, this week the number has mounted to 194. Districts showing strong inclination toward Republicanism have grown from 161 to 187. The doubtful districts have decreased from 61 to 40.

DEMOCRATIC CHANCES BRIGHT.
The Herald comments upon the situation as follows: "The process of eliminating the doubtful districts, which, when the series of forecasts began, numbered 115, is merely a way of showing in figures the progress of the campaign. Slowly, but surely, the Democratic prospects are gorging themselves with the series of forecasts. The number of districts which are now sure to go Democratic for this result, the Republicans have been making their campaign for them. It would seem that there are a great many Republicans in public life as well as in private life who do not want to see the house carried by their party."

RESUME TO ROOSEVELT.
They think this is the most favorable opportunity to administer a rebuke to Mr. Roosevelt, who has assumed the leadership of the party in the middle of a great campaign. In perhaps sixty congressional districts which are close to the result will be decided by the regular voting against insurgent nominees and for Democrats, and by insurgents voting against regular nominees and for Democrats.

"If the Republicans are to save the house, then all surface signs have been falsified, and a miracle will have been wrought in politics between now and election day. This is the inevitable conclusion being forced on every one who has analyzed into the situation where the campaign is now in full swing."

SEES LANDSLIDE IN NEW YORK.
The Herald continues to predict a Democratic landslide in New York state, with the defeat of the Roosevelt state ticket and many of the Republican congressmen. This week it is stated that the Republicans will likely win thirteen congressional districts, their present number being twenty-five, and that the Democrats will secure twenty congressmen, whereas they now have but twelve.

In Massachusetts it is declared that despite mistakes made by the Democrats the "chances for the election of Eugene P. Ross, the Democratic candidate for governor, are excellent."

SPECTACLE FOR GODS.
"Indiana," according to the Herald, "will present a spectacle for gods and men." Senator Beveridge's defeat is expected. The prediction that the next legislature will be Democratic without a doubt. There is even a possibility, it is stated, that the Republicans will lose the two congressional districts which they now hold, giving the Democrats a solid delegation in congress. Senator Cummins's speech in Chicago urging all Republicans to support the party nominee, whether standpatters or insurgents, is credited with relieving the situation somewhat.

The breaking of the solid Republican delegation from Kansas is forecast. In the Sixth district the Democrats, who have nominated a nephew of John D. Rockefeller, are listed as probable winners and the same is true in the First district, where Congressman D. R. Anthony, a standpatter, is the Republican nominee.

REPUBLICANS ARE ROLLING IN CASH

Chairman Lissner Has Made a New Record As Campaign Money Getter.

Has Collected the Biggest Fund Ever Got Together in a State Contest.
SAN FRANCISCO, Oct. 31.—The Republican State committee has never been in better financial circumstances than it is today. Meyer Lissner, the chairman, has proved himself an artist in getting money. He has shaken all the candidates down with a vigor that has astonished the veterans. He has gone out and got subscriptions from unexpected sources and by strong-arm methods.

During the Pardee campaign the State committee was only able to raise a fund of \$45,000. This year Meyer Lissner has raised over \$100,000 a date and is assured of all the additional money necessary to finance the campaign.

This is a remarkable showing for a committee that is making the fight for an anti-monopoly ticket. There are some complaints that the money is being used to elect only two men on the ticket, but Lissner does not mind that. He knows how to get the stuff and he spends it in his own way after he gets it. But he is a rascal sure enough.

FRANK HERING FIRES MORE IMPERTINENT QUESTIONS AT THE REPUBLICAN CANDIDATE FOR GOVERNOR

Democratic Orator Wants to Know All About Hiram Johnson's Dealings With Bank Wrecker Brown, and Why He Kept That Criminal Out of Prison and From Going Through Bankruptcy.

FRANK E. HERING, the Indiana orator and professor of languages, has added a third to the two lists of questions he had previously asked Hiram Johnson in regard to his connection with J. Dalzell Brown. The three sets of questions are as follows:

THIRD AND LASTEST SERIES OF QUESTIONS

1. Hiram W. Johnson, do you know that if the court had adjudged Brown an involuntary bankrupt, which you prevented, a schedule of his assets would have become public knowledge, and the court would have determined an equitable fee for your services in Brown's behalf? And do you think any sane person believes that a court in California would give you \$55,000 for looking after the interests of a client who was given an immunity sentence, without trial, without the examination of witnesses, without the preparation of a brief?
2. Hiram W. Johnson, dare you deny that there is in existence a document, dated June, 1909, six months after the petition in bankruptcy was dismissed, and at a time when you must have known that J. Dalzell Brown did not intend to keep his pledge made to the court—that there is in existence a document that shows you had full knowledge of the fact that J. Dalzell Brown had, June, 1909, 90,000 shares of Western Pacific stock, whose market value was approximately \$3,000,000?
3. Hiram W. Johnson, to what degree are you interested in keeping secret the whereabouts of the \$3,000,000 in Western Pacific bonds? Did you receive more than \$55,000 in fees? Will you answer this in the interest of those who with sacrifice saved and in helpless misery have seen their savings swept away? Will you do this, Hiram W. Johnson, or will your answer continue to be, "I MUST EAT, I MUST EAT?"

FIRST LIST OF QUESTIONS

1. Were you not connected with the District Attorney's office as special counsel in the prosecution of the graft cases at the very time that J. Dalzell Brown, arch wrecker of the California Safe Deposit and Trust Company, retained you to defend him in his looting of millions from 12,500 depositors?
2. Did you make representations to the court officials that if a sentence—so inadequate as to be farcical—were imposed upon your client, he would in consideration give information leading to the return of \$1,000,000 to the depositors? On the same ground did you not ask that six indictments against him be dismissed?
3. Influenced by these representations, was not Brown given a nominal sentence, eighteen months, little of which he really passed in San Quentin? Is he not engaged in business in Los Angeles today? Has one penny of the promised millions of the bank's assets ever been returned through information given by him?
4. Did you not receive for your services in Brown's behalf stock in the Western Pacific valued at \$55,000?
5. Did you not know that the stock was bought with the money of the depositors and that your client, J. Dalzell Brown, being bankrupt, the stock belonged to the bank? In other words, did not you receive your fee for defending Brown in stock that belonged to those from whom he had stolen it and who deserved his punishment?
6. Will you now return this stock to its rightful owner, so that its value may be distributed pro rata among those who, with sacrifice, saved, and in helpless misery, have seen their savings swept away? Will you do this, Hiram W. Johnson, or will your answer continue to be, "I must eat! I must eat!"

SECOND LIST OF QUESTIONS

1. Did you not receive cash, or its equivalent, \$55,000 for defending J. Dalzell Brown?
2. Did not J. Dalzell Brown have as recently as June, 1909, 90,000 shares of Western Pacific stock? Was not this deposited in whole or in part as security, or else hypothecated to guarantee your fee of \$55,000?
3. What has become of these 90,000 shares of Western Pacific stock? Have not the pages which would give the information sought for concerning this stock been cut from the books of record of the California Safe Deposit and Trust Company? Records not burned, as many think, but mutilated with a knife.
4. J. Dalzell Brown refused to go into voluntary bankruptcy, and through a legal technicality you defeated the effort to have him made an involuntary bankrupt. The court proceeding would have made known to the public the schedule of J. Dalzell Brown's assets, and would have resulted in the restoration to the depositors of that which Brown had looted from them. Did you have any personal interest, Mr. Johnson, in defeating the ends of justice which would have made common knowledge how much Western Pacific stock J. Dalzell Brown had, AND TO WHAT USES HE HAD PUT IT?
5. You did insure to J. Dalzell Brown what he bargained for with you—his early freedom and his retention of his enormous stealings? Even your opponents will admit that you made good; but the public now demands to know from one who would be Governor of California just what part these 90,000 shares of stock, stolen from the creditors of the California Safe Deposit and Trust Company, played in paying you your fee of \$55,000.

For this stock, as Receiver Frank J. Symmes says, "All belonged to the bank by law or by equity, or both."

Among these depositors, Mr. Johnson, were women and children who, with sacrifice, saved, and in misery saw their savings swept away. Will your answer continue to be, "I must eat! I must eat!"

COMING ELECTION IS CRISIS, SAY REPUBLICANS

New Yorkers Call It the "Most Important Off Year in a Decade."

FULL STATE TICKETS ARE TO BE CHOSEN

Prohibitionists Have Candidates On Ballots in Twenty-five States.

NEW YORK, Oct. 31.—The Republican campaign committee here in a circular to voters calls attention to the coming election as the most important off-year election in a decade. The contest is national rather than local importance, it declared, because it will decide the complexion of both houses of Congress in the balance. Practically the whole of the House of Representatives is to be selected, while the result of the vote for the state legislatures will indicate the division of the parties in the Senate. Thirty Senators will complete their terms next March 3, twenty-four Republicans and six Democrats.

FULL STATE TICKETS.

Full state tickets, including governors, are to be chosen in twenty-eight states. Indiana will elect state officers, with the exception of governor. Arkansas and Georgia have chosen their state tickets, but will vote for Congressmen on November 3. In the same way Maryland, Mississippi, Virginia, and West Virginia, which have no state officers to elect, will turn all their energies for electing representatives in Congress, and in West Virginia on the legislature as well. Alabama, Maryland and Vermont have already selected their Senators.

The Prohibition party has candidates on the ballots in twenty-five states, while the Socialists are in the field in thirty-four states. Women suffrage will be considered in four states.

KNOWLAND TO SPEAK AT RALLY TONIGHT

A Republican meeting will be held under the auspices of the Republican County Committee at Aloha Hall, Seventeenth and Perilla streets this evening. The speakers will include Congressman Joseph E. Knowland, W. H. Evans, assistant district attorney, Supervisor John F. Mullins and the various county candidates.

CENSUS SHOWS LARGE INCREASE.

WASHINGTON, Oct. 31.—The population of Gary, Ind., is 16,378, as enumerated in the thirteenth census. Gary was not incorporated when the 1900 census was taken.

ALL DRUGGISTS

CANNON'S HOLD STILL UNBROKEN

Democrats Admit Old "War Horse" Has No Chance of Being Defeated.

DANVILLE, Ill., Oct. 31.—Democrats privately admit that the talk of defeating "Uncle Joe" Cannon for Congress is merely for its general effect on the country at large, and that there is really no chance of beating him unless there should be an unprecedented political earthquake. It is considered doubtful if William L. Cundiff, his opponent, gained a solitary vote as a result of Bryan's invasion of the district.

Cannon himself is as little worried about the situation that he has deserted his own district and has been campaigning in neighboring Indiana towns with a brass band. Notwithstanding the general howl against Cannon by the newspapers, the people of his district are as strong as ever for him. Some political wheedlers in New York and Chicago affect to believe he will be relegated to this term, but a careful canvass of his district gives no grounds for these predictions.

SAYS LEAGUE CRITIC IS BEHIND TIMES

W. J. Rutherford's Communication Is Taken Up in Detail.

(Con. from Preceding Page)

of the nation, and in favor of reform measures, he now thinks that they have departed from all representative principles, and have gone on a wild career toward Socialism. He assures that because the Republican party has located itself this year throughout nearly all of the states of the Union in favor of progressive legislation, that they are departing from their own principles and seeking a radicalism which he cannot countenance. This man evidently believes that so long as his officials are chosen by the privileged classes, he is willing to allow in the name of the Republican party and submit to an expression of multitudinous folly as a platform instead of principles that mean something.

"BUSINESS INTERESTS."

He thinks, I presume, that "business interests" will not be harmed so long as our political platforms mean nothing and simply use sound-sounding expressions and slogans. It is easy to see that your communication is behind the times and belongs to the old fogy faction of 1876, who expressed themselves in the words, "Leave well enough alone." "Everything that is right," this man must recognize. President Roosevelt is a conservative at heart, but the Republican party much other will to progressive principles and reform legislation, or it will be annihilated, just as parties have been in the past when they saw fit to "stand pat" for fifty years. It is either a progressive Republicanism, or a new nation—a new Nationalism. If the Republican party will not drag itself to the front of the forward movement in politics, the party will be degraded by its feet and die a natural death. Respectfully,

LAWRENCE JOHNSON, Medford, Cal.

WOMAN'S LEAGUE WILL HOLD MEETING TUESDAY

The next meeting of the American Woman's League will be held Tuesday afternoon in the Metropole hotel, Thirtieth and Jefferson streets. Mrs. K. B. GOVERNOR STUBBS TALKS FOR 'DRYS'

Kansas City Takes Platform for Prohibitionists; Would Close "Joints."

KANSAS CITY, Mo., Oct. 31.—Governor W. B. Stubbs of Kansas addressed a meeting in Convention Hall here yesterday afternoon in behalf of the proposed State-wide prohibition amendment, which will be voted on at the November election.

The announced purpose of the Governor's speech was to answer the arguments issued by the anti-prohibition leaders that prohibition has injured Kansas, and that the law is not enforced in that State.

"If any brewer or distiller," declared Governor Stubbs, "can show me an open saloon or open joint in Kansas, I will close it at once or resign."

The speaker read letters from Mayors and Judges in various parts of Kansas to prove that the prohibition law is effective, and that since it has been rigidly enforced bank deposits have increased, crime has decreased, real estate has risen in value and general business conditions have improved.

WOMEN WOULD SUPPORT MELVIN

Mrs. Keith Answers Circular Sent Out by Justice's Classmates.

Mrs. William D. Keith, president of the Berkeley Political Quality Club, has addressed the following letter to the committee of the case of '89, in response to a circular which has been sent to the members of that class endorsing Judge Henry A. Melvin for reelection.

"To the committee of this class of '89:

"Dear Sirs: I wish to acknowledge the receipt of a circular addressed to University of California graduates respecting the reelection of Judge Melvin and to add that I hope you regret with me that the women graduates are powerless to actively co-operate in securing the reelection of those of us alumni whose records reflect to the honor of our Alma Mater. Whenever I find you many possess with the members of the next legislature I earnestly plead in favor of the submission by the of a constitutional amendment extending the franchise to the women of the State.

"With sincere regards, I am yours truly,

"MARY MCH. KEITH, U. C. '89."

CIRCULAR IS UNIQUE.
The following circular called forth the above reply by Mrs. Keith:

"Hail! Hail! To the class of '89! We, the women of the University of California, have the distinction of having upon the bench of the Supreme Court of this State one of its members, Hon. Henry A. Melvin.

"While his classmates feel that this distinction is a justification for class enthusiasm, yet they realize that from a large point of view, it is an enthusiasm in which every California alumnus may justly share. His record as a judicial officer of this State, covering a period of nearly twelve years, has redounded to the honor of our alma mater, and we appeal to every University man to actively and vigorously co-operate in securing his reelection to the Supreme Court at the State election to be held on 31st month.

"Mr. Justice Henry A. Melvin has been duly nominated and we speak for his candidacy your loyal support irrespective of party affiliations."

FINDS WASHINGTON FAVORS THE COAST

Colonel Garland Decares That Nation's Capital Would Vote for San Francisco.

NEW YORK, Oct. 31.—Colonel William M. Garland, president of the real estate board of Los Angeles and one of the California delegates appointed by Governor Gillett to go to Washington last May to obtain recognition of San Francisco as the place for holding the world's Pan-Pacific Exposition, is here in the interest of an aviation meet for Los Angeles the last part of the coming year and also of the big exposition project.

"I returned from Washington a few days ago," Colonel Garland said. "I took with me many of the prominent citizens and I want to report that they favor San Francisco as the place for holding the world's fair. When we were there last spring we found a little slowness as they had in 1906, but I am sure they are heartily in favor of Western metropolises."

"The people of New York are also with us in this fight, since they have not had an Exposition in 1907. I do not think there is any sympathy in the Middle West or Northwest in favor of holding the exposition there, and I believe a worthy place for the honor. However, I believe in keeping it in the big city of the world, and I believe San Francisco has a clear lead, as President Taft and a majority of the Congressmen are for holding it here."

Colonel Garland will leave for Los Angeles next Sunday night. While here he intends to put in more time for the big project.

MACKAY HOST TO GOTHAM BANKERS

Magnate Shows Prominent New Yorkers Over College He Has Adopted.

RENO, Nev., Oct. 31.—Clarence H. Mackay acted yesterday as a host to a party of prominent New York financiers who stopped over for the day at his request that they inspect the University of Nevada. In the party were Otto P. Kahn, Frank B. Keech, Martin Erdmann, Henry R. Winthrop, Alvin W. Kreech, William Whitehouse, L. F. Lorne, Eugene Kahn and Dr. Joseph Transmont.

Doctor Stubbs, president of the university, and Regent A. A. Codd welcomed the visitors. At 3 o'clock the cadet battalion was reviewed. Doctor Stubbs assembled the party on the campus, where short addresses were made.

Otto P. Kahn of New York, one of the most prominent bankers in the country and a man closely associated with E. H. Harriman in large undertakings, spoke in behalf of the entire party. He said that ordinarily in his traveling experience he found that the expectations were slightly greater than the actual conditions warranted, but in Nevada the matter was reversed, for he found his expectations exceeded his expectations, and he had been very agreeably surprised.

At 6 o'clock the party left on a special train for New York.

MAN HIT BY TRAIN AND SERIOUSLY HURT

James Kennedy, 33 years old, living in Emeryville, walked upon the Southern Pacific tracks at the corner of Seventh street and Broadway last night shortly after 12 o'clock just in time for a west-bound local to hit him. Kennedy was taken to Joe Reardon Hospital in the police ambulance, where Dr. Smith found that he had sustained a compound fracture of the right forearm and hand, a possible fracture of the skull and possible internal injuries, together with numerous cuts and contusions on the head and about the body. His condition is regarded as serious.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

De Forest, Wis.—After an operation four years ago I had pains downward in both sides, backache, and a weakness. The doctor wanted me to have another operation, but I was cured by Lydia E. Pinkham's Vegetable Compound.

Another Operation Avoided. New Orleans, La.—For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those suffering from female troubles.

If you want special advice about your case write to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

designated on the official ballot as candidates for School Director No. 1 or No. 2, or No. 3, or No. 4, or No. 5, or No. 6 (said numbers to be printed after the name of each candidate) shall have there being as many numbers from 1 up as there are School Directors to be elected in accordance with the declaration of candidacy which said candidates shall have filed with the City Clerk. Such numerical designation on the ballot shall be the same as the numerical designation and qualification of such School Director, but shall fix the status of each such numerically designated officer as a School Director, and the cause of nomination and election thereto.

Elected at Large. Sec 9 The Mayor, Auditor, Commissioner, and School Directors shall be elected at the General Municipal Election, on a general ticket from the City at large. Eligibility of Mayor, Auditor, and Commissioner.

Sec 10 To be eligible to the office of Mayor, Auditor or Commissioner, the person must be a citizen of the United States and a qualified elector of the State of California and shall have been resident of the City of Oakland for four years immediately preceding nomination.

Eligibility of School Directors. Sec 11 To be eligible to the office of School Director a person must be a citizen of the United States and shall have been twenty-one years and shall have been a resident of the City of Oakland for two years next preceding nomination.

Vacancies. Sec 12 (1) If a vacancy shall occur in the office of Mayor Auditor or Commissioner, the Council shall appoint a person to fill such vacancy. In each case the person so appointed shall be subject to the provisions of the Recall until the next General Municipal Election. If a vacancy in the office of School Director shall be elected for the full or residual term, as the case may be provided that if a vacancy arises by Recall without a successor being appointed, any person or any appointee filling such vacancy shall be succeeded by the person elected or chosen under the provisions of Article IV of this Charter.

(2) If a vacancy shall occur in the office of School Director the Board of Education shall appoint a person to fill such vacancy. In each case a person so appointed shall hold office subject to the provisions of the Recall until the next General Municipal Election. If a successor of such appointee elected at such election shall be elected for the full or residual term, as the case may be provided that if a vacancy arises by Recall without a successor being elected at the same election, an appointee filling such vacancy shall be succeeded by the person elected or chosen under the provisions of Article IV of this Charter relating to the Recall.

Vacancy—What Constitutes. Sec 13—A vacancy shall be deemed and considered to exist in any elective office when the person elected the office shall have died, or when notice of election has been handed to him or sent by registered mail to his last known address, or when he has been removed from office as a result of a recall, or when the City absents himself continuously therefrom for a period of more than thirty days, or when he has been removed from the Council is convicted of a felony, or, if judicially determined to be incompetent, forfeits his office under the provisions of Article IV of this Charter, or is removed from office by judicial proceeding.
